

# St Margaret Clitherow - Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## School overview

| Detail                                                                                                          | Data                  |

## Part A: Pupil premium strategy plan

### Statement of intent - St Margaret Clitherow

We believe in maximising the use of the Pupil Premium Grant by utilising a long-term strategy aligned to the School Development Plan priorities. This enables us to implement a blend of short, medium and long-term interventions, and align pupil premium use with wider school improvements and improving readiness to learn. Overcoming barriers to learning is at the heart of our PPG use.

We understand that needs and costs will differ depending on the barriers to learning being addressed. As such, we do not automatically allocate personal budgets per pupil in receipt of the PPG. Instead, we identify the barrier to be addressed and the interventions required, whether in small groups, large groups, the whole school or as individuals, and allocate a budget accordingly.

Our key principles are based around:

- Developing confident, effective communicators who can articulate their own opinions whilst being respectful listeners.
- Encouraging children to be adventurous and willing to take risk because they know it is okay to make mistakes in order to learn from them.
- Developing inquisitive pupils, who use questioning and problem solving skills to challenge.
- Nurturing children who will embrace all that the world has to offer them and the confidence to find their own path.

Our key priorities: Setting priorities is key to maximising the use of the PPG. Our priorities are as follows:

- Closing the attainment gap between disadvantaged pupils and their peers
- Providing targeted academic support for pupils who are not making the expected progress
- Addressing non-academic barriers to attainment such as pastoral concerns, attendance and behaviour
- Ensuring that the PPG reaches the pupils who need it most.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge number | Detail of challenge                                                                                                                                  |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1                | Improve use of phonics in writing for pupils eligible for PPG in year 1.                                                                             |
| 2                | Improve progress in PP Early Readers across the school through phonics interventions and reading plus (KS1 and KS2)                                  |
| 3                | Higher rates of progress in maths for pupils eligible for PPG across KS2.                                                                            |
| 4                | School counsellor, play therapist and ETA support to help with learning behaviour and better self-esteem.                                            |
| 5                | Improve parental engagement of parents of PPG children with support and interventions offered.                                                       |
| 6                | Identified late PPG children are on time for school and ready to learn. Working with Education Welfare Officer to put into place an attendance plan. |
| 7                | Use of NELI to address high EAL and loss of early language acquisition (Speech and language) result from loss of nursery time due to Covid.          |

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome                                                                                                | Success criteria                                                                                                                                                                                                                |
|-----------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Children's progress in writing improves – ARE is maintained for identified pupils and worked towards for other. | During termly moderation exercises we will see that phonic knowledge is consistently used and applied to increase writing accuracy. ARE is secured for all identified pupils. ARE is better in reach for all identified pupils. |
| Children's progress in reading improves.                                                                        | Using the termly PIRA tests and PM Benchmarking we will see significant movement towards age expected SS (100). ARE is secured for all identified pupils. ARE is better in reach for                                            |

|                                                                       |                                                                                                                                                                                                                                                                                                                                    |
|-----------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                       | all identified pupils. Reading plus intervention showing improvements in outcomes for this group.                                                                                                                                                                                                                                  |
| Improved rates of progress in maths                                   | Using the termly PUMA tests, Numberstacks & Shine interventions we will see significant movement towards age expected SS (100). ARE is secured for all identified pupils. ARE is better in reach for all identified pupils.                                                                                                        |
| Speech and language processing skills of identified children improve. | NELI assessment package to provide early assessment and language intervention for each reception child.                                                                                                                                                                                                                            |
| Children are in a better position to learn                            | Children arrive to school with all their needs met, breakfast, snack, water bottle, uniform, reading books and homework tasks completed and are focused and engaged in their learning.                                                                                                                                             |
| Children on time and in school everyday                               | Systems are in place for children to consistently arrive on time and be collected on time every day. Children are consistently in school and attendance is improving.                                                                                                                                                              |
| Payment of school trips/visits                                        | PPG children have full access to all areas of the curriculum.                                                                                                                                                                                                                                                                      |
| Choice of extra-curricular club                                       | All PPG children have the option to select a club or extra-curricular activity from the range on offer (both internally and externally provided) e.g musical instrument, drama, sports, Splat<br>This is to improve wider access to the extended curriculum, socialisation opportunities and improve well-being and mental health. |

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £2,850

| Activity                                                               | Evidence that supports this approach (Using the EFF to support evidence gathering)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Challenge number(s) addressed |

| <b>Additional Phonics for PPG at risk of not passing phonics or support in a retake</b>                                  | <ul style="list-style-type: none"> <li>Phonics approaches have been consistently found to be effective in supporting younger readers to master the basics of reading, with an average impact of an additional four months' progress. Research suggests that phonics is particularly beneficial for younger learners (4-7 year olds) as they begin to read. Teaching phonics is more effective on average than other approaches to early reading (such as whole language or alphabetic approaches), though it should be emphasised that effective phonics techniques are usually embedded in a rich literacy environment for early readers and are only one part of a successful literacy strategy.</li> <li>Evidence shows that the interventions are most effective with the younger children, within school, delivered by a known adult</li> <li>Phonics teaching / support will be explicit, systematic and matched to the children's level of phonemic awareness resulting in a 5 month overall impact, particularly for children from disadvantaged background.</li> </ul> | 2                             |

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £4,045

| Activity                                                                               | Evidence that supports this approach                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Challenge number(s) addressed |

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

| <b>Aim – teaching</b>                                                                                                                                      | <b>Outcome</b>                                                                                                                                                                                                                                                |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| To develop children's engagement in writing to ensure they are confident, able writers.                                                                    | At end of KS2, of 3 PPG pupils, 2 were at EXS. One was pre-year, due to SEN needs, therefore progress was approximately in line with non-PPG pupils.<br><br>KS1 data shows 2 PPG pupils not meeting ARE but this was consistent with the cohort (43% at EXS). |
| Teachers aware of children's starting points and have high expectations across all core areas.                                                             | SATs benchmarking used to establish standardised scores and accurate end of key stage points for KS1 & KS2 PPG.<br><br>Across all other year groups PUMA and PIRA tests have provided standardised scores and focused interventions.                          |
| Resilience of children when approaching learning, especially writing.                                                                                      | Children will be able to write and show stamina in their writing tasks. Outcomes will improve across the school for EXS and GDS children.                                                                                                                     |
| <b>Aim – wider strategies</b>                                                                                                                              | <b>Outcome</b>                                                                                                                                                                                                                                                |
| To support the mental well-being of children                                                                                                               | Children more resilient in their learning and ready to learn.                                                                                                                                                                                                 |
| Children and families with anxieties / emotional / financial concerns are supported to allow them to engage in the academic and social benefits of school. | Greater number of clubs and extra-curricular activities attended by the children. More positive social interaction observed in school.                                                                                                                        |
| Children's attendance at school will be in line with school and national expectations                                                                      | Close support for attendance with HT, EWO and early Help team working together with key families.                                                                                                                                                             |

## Externally provided programmes

*Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England*

| Programme | Provider |
|-----------|----------|
|           |          |

## Service pupil premium funding (optional)

*For schools that receive this funding, you may wish to provide the following information:*

| Measure | Details |
|---------|---------|
|         | -       |

## Further information (optional)

*Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, or other activity that you are implementing to support disadvantaged pupils, that is not dependent on pupil premium or recovery premium funding.*

*Additional support given in 2022-23 to support our PPG children:*

- *NELI programme for Reception Children*
- *Sports club / extracurricular activity – funded for every PPG child*
- *Participation in tournaments for sports actively enabled*
- *Uniform support for every PPG child*
- *All trips and additional activities are fully or part-funded for every PPG child*
- *Some of the PPG require daily support with breakfast and break time snacks*
- *Additional time put into daily reading/reading plus for any PPG children at risk of not meeting age-related expectations*
- *Laptops, devices and other technology available to support any PPG child who requires this support, both in and out of school.*
